

OCTOBER. 2020, PARTNERSHIP ANNOUNCEMENT

CYBERMOTIV & DARKTRACE

Cybermotiv & Darktrace Announce Cybersecurity
Partnership

Cybermotiv & Darktrace

October 21st 2020

Cybermotiv has announced a partnership with Darktrace, the world's leading cyber AI company. This new partnership will empower Cybermotiv's customers and community to detect and respond to in-progress attacks anywhere across their entire digital infrastructure with Darktrace's cyber AI, including the Cloud, SaaS, corporate networks, IoT and industrial control systems.

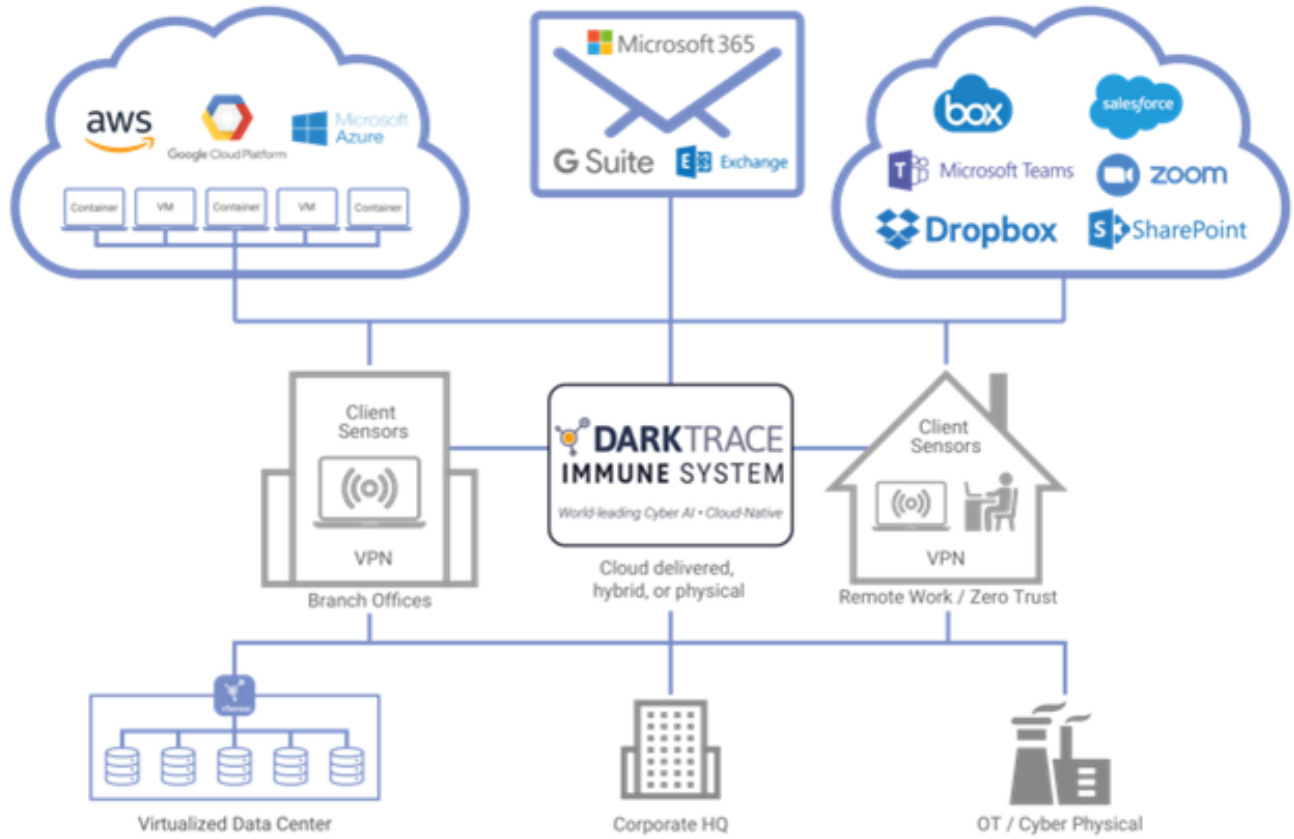

Darktrace was founded in 2013, and today its AI technology is relied on by over 4,000 organizations worldwide to identify and automatically fight back against fast-moving and sophisticated cyber-threats.

**Self-learning Cyber AI for your
dynamic workforce**

Detects what others miss
Responds in seconds
Interprets and visualizes

Protects Your Workforce & Infrastructure
